

6 months through  
4 years of age

# A Guide to COVID-19 vaccines for foreign young children staying in the Republic of Korea

Young children are encouraged to get vaccinated  
to be better protected from COVID-19

## Vaccine Eligibility

All young children aged  
6 months through 4 years of age

## Dosing Interval

3-dose vaccine series given  
8 weeks (56 days) apart

## Vaccine Type & Site

### Vaccination Type

Pfizer vaccine for young children

### Vaccination Site

visit the official COVID-19 vaccination  
website to see where the vaccine is  
administered

\* **Go to the website** ▶  
**current status of vaccination** ▶  
**vaccination sites for young children**

## Vaccine Appointment

### Registered foreigners

Online, phone or same-day  
appointments, or walk-in visits

### Unregistered foreigners

Online, phone or same-day appointments,  
or walk-in visits with a temporary  
management number issued from a  
public health center

※ To ensure safety, young children must be  
accompanied by a parent or legal guardia to monitor  
adverse reactions after a COVID-19 vaccine and fill out  
a COVID-19 vaccination report.

## ※ Note

**Online booking portal site** : <https://ncvr.kdca.go.kr> (booking on someone else's behalf available)

**Same-day appointment** : call a medical facility and sign up for a COVID-19 vaccine wait-list

**Walk-in service** : visit a walk-in clinic and get vaccinated without an appointment or  
receive a vaccine while visiting for other medical purposes.

\* It is provided only when walk-in clinics have available vaccines and can deliver vaccinations without  
disruption to other health and care services.
